

MINERS OFFER MORE SYMPATHY

Pass Resolutions Friendly to Striking Seattle Brewers.

WILL HELP MICHIGAN MEN

ORGANIZERS TO BE SENT INTO AN OLD FIELD.

The Western Federation of Miners got down to business at 9 o'clock yesterday morning with an attendance of more than 100, and went into executive session to consider the many suggestions made by the executive board and by President C. H. Meyer. An intermission was taken later in the morning to hear the report of Secretary W. D. Haywood. Stated briefly, his report shows that the total membership of the order today is about 20,000 men, representing the many diversified interests of the federation. During the year there were 2,000 new members initiated, and at the present time the federation has a total membership of 22,000 men, and three state unions. The net gain of local unions during the year has been twenty-two organizations.

The report was received with much demonstration, and at the conclusion of the reading Mr. Haywood was congratulated for the able manner in which he had stated the position of the federation on matters germane to the organization.

Will Help Michigan Miners.

A large number of resolutions were received from Chairman Ernest Mills of the committee on resolutions, one of which came from the delegation from Michigan. This resolution, which was not acted on at the morning's session, requested that that section of the country receive the same consideration as the state and need all possible assistance. The new committee on resolutions had considerably to do with that section of the country, many times being just able to make a bare subsistence, and have not been able to furnish money for organization purposes.

It is not unlikely that organizers and literature will be sent to that state so as to give the movement a more healthful standing. When the committee on resolutions met, the other delegates in Michigan, to a certain extent, was misunderstood, inasmuch as the delegates from that state represented union men, and not the non-union men, as was supposed. The delegates from that state were not understood by the convention, and a satisfactory settlement of the differences was reached, and the delegates were seated. It was stated yesterday that negotiations were being pending with the executive board, and that they will be accepted undoubtedly by the convention.

Sympathy for Seattle.

The one resolution which was acted on at the morning session, and which was approved, pledges the support of the federation to the locked-out brothers of Seattle, and urges all organized labor, regardless of national or local affiliation, to pledge moral and financial support to the effort of the Seattle brewers to prevent a reduction of wages. The resolution was adopted by a large majority, and the delegates from that state were seated. The delegates from that state were not understood by the convention, and a satisfactory settlement of the differences was reached, and the delegates were seated. It was stated yesterday that negotiations were being pending with the executive board, and that they will be accepted undoubtedly by the convention.

MAKE REPORT ON CHARITY.

United Association Submits Statement of Work From Dec. 12 to May 1.

A meeting was held yesterday afternoon of the board of the United Charities association, the meeting being the first since its opening last December. A report was submitted to the members of the association by the board, and the board of public works can locally authorize the contractors to proceed with the building of the new hospital, and besides there being a large amount of work in the hands of the finance committee.

NOW IS THE TIME FOR HYOMEI

Far Easier to Cure Catarrh Now Than at Any Other Season.

Now is the time to use Hyomei, when the early summer days make it so easy to cure catarrh troubles. The Hyomei treatment takes but a few minutes three or four times a day in May or June, will do good twice as quickly as it did in January, and nearly everyone knows that the use of a cathartic completely rids the system of catarrh. The complete Hyomei outfit costs but one dollar, and consists of a nasal sprayer that can be carried in the purse or vest pocket and will last a lifetime, a medicine dropper, and a bottle of Hyomei. Extra bottles of Hyomei can be procured, if desired, for fifty cents.

F. C. Schramm gives his personal guarantee with every Hyomei outfit he sells to refund the money if it does not give satisfaction. There is no risk whatever to the purchaser of Hyomei.
